

CONTINUED PROFESSIONAL GROWTH

Continuing education by faculty members is encouraged. Not only do the ARRT and JRCERT require continuing education, but further education of the faculty will lead to an improved educational program and more qualified students graduating from the Program.

Responsibility: Imaging Services Department Director, Program Director, Faculty
Standard: Human Resources

To assure continued professional expertise in radiography and current teaching trends, the sponsoring institution shall provide opportunities for faculty members to participate in educational programs.

Members of the faculty shall attempt to participate in at least one educational program yearly.

The Program will provide feedback to instructors from the following didactic and clinical preceptor evaluations:

- The Program requests that students evaluate instructors upon the completion of each course. The Program will provide the results of completed evaluations to didactic instructors within a month of the students' completion of the evaluations.
- The Program requests that students evaluate assigned clinical staff monthly. The Program will provide the results of completed evaluations to clinical staff within a month of completion.
- The Program requests that students complete evaluations on clinical preceptors on a quarterly basis. The Program will provide the results of completed evaluations to clinical preceptors within a month following the end of the quarter.
- Each instructor will complete a self-evaluation and meet with the Program Director to review performance over the past year.
